A Mid-Year Update from American Savings Foundation

July 2018

As we enter the second half of 2018, we'd like to share some exciting new projects that we are working on for next year.

A Look Back

A Lasting Commitment

As part of our recent Strategic Planning process, we reflected on the legacy and values that led to the creation of American Savings Foundation. We are pleased to share this short [legacy video](#) with our neighbors, colleagues, scholarship recipients, and friends to help tell this story.

Coming Soon

As we look to the future, we will honor this legacy as we evolve to meet new challenges and respond to emerging needs. We remain committed to our mission - to strengthen the community by supporting education, human services, and the arts, with a special emphasis on the needs of children, youth and families. We also continue to invest in the cities of New Britain and Waterbury, as well as respond to need in the other [62 towns](#) historically served by American Savings Bank. To better meet these needs, at the beginning of 2019 we will launch a new Small Grants program to respond to requests from these towns.

At the same time, we will also launch a new website. In addition to making the site more mobile-friendly, our goal is to help grant and scholarship applicants find the information they are looking for, as easily as possible. The new website will include an online grant application specifically designed for the new Small Grants program.

As always, the American Savings Foundation will continue to invest in the people and organizations that make our communities strong. That is *our lasting commitment*.

Sincerely,

Charles J. Boulter III
Chairman of the Board

Maria A. Falvo
